

THE WORLD'S TRAVEL TOKEN

Travel, rebuilt on rails it owns

Tratok is a complete travel ecosystem with its own token, bridge, oracles, AI and translation. Travellers book the whole trip, and connect with the people in it, in one account. Providers keep 98.5% of every booking and are paid within 24 hours. Anyone can verify the bookings, the reviews and the reserves.

WHAT MAKES TRATOK DIFFERENT

**Owens its rails**

Token, bridge, oracles, settlement, AI and translation, all in-house.

**The whole journey**

Book, pay, navigate, review and earn in one account.

**Uncopyable economics**

A flat 1.5% that commission-based platforms cannot match.

**Social at its core**

Friends, a feed, stories, chat and voice and video calls.

**Trust by proof**

On-chain bookings, verified reviews, live solvency.

**Global from day one**

Many languages, all the way down to the fine print.

WHERE A US\$600 BOOKING GOES

Typical agency booking

US\$492

US\$90

■ Provider keeps **US\$492** ■ Agency commission **US\$90** ■ Card and conversion **US\$18**

Tratok

US\$591

■ Provider keeps **US\$591** ■ Tratok fee **US\$9**

Example: agency commission 15%, card and conversion costs 3%. Agencies set commission per contract.

THE PROBLEM

14%

Of booking value: the take implied by Booking Holdings' 2025 accounts.

30 days

For a hotel to be paid by one major agency, after it asks.

2.7M

Fraudulent reviews stopped by Tripadvisor in 2024 alone.

BUILT IN-HOUSE

- TRAT on Ethereum and BNB Smart Chain, joined by Tratok's own bridge.
- GHOST oracles: availability, booking events, review attestation.
- Smart-contract escrow: more than 99% of refunds automatic.
- Tara AI on Tratok's own model; translation built in-house.

SECURITY AND PROOF

- A passkey or authenticator code on every transaction.
- Cold reserves; multi-signature wallets with ENS names.
- Live solvency at tratok.net/solvency.php.
- Red-team tested, audited, with a standing bug bounty.

LIVE TODAY

- ✓ Travel marketplace
- ✓ Wallet on two chains
- ✓ Contactless payments
- ✓ Feed and stories
- ✓ Groups and TRATernity
- ✓ Tara AI concierge
- ✓ Hospitality Platform
- ✓ Corporate travel
- ✓ Voice and video calls

For travellers

- The real price first, locked for five minutes.
- Rewards that are yours: spend, send or withdraw.
- Friends, a translated feed, chat and video calls.

For companies

- Free: no subscription, seat or setup fees.
- One policy, one-click approvals, concierge booking.
- Expenses on chain and CO₂ for every trip.

For providers

- Free to join for every size, after review.
- A flat 1.5% per booking, paid within 24 hours.
- Reviews only from real guests; live video tours.

TRAT TOKEN

NETWORKS

Ethereum and BNB Smart Chain; every booking settles on BSC

SUPPLY

100 billion TRAT across both chains, 5 decimals

TEAM TOKENS

Locked until a top-10 exchange listing, then 24 more months

FUNDING

No ICO; funded by its founders. New listings in progress
